ESTIMATE OF DELEGATES FOR EACH OF CANDIDATES

The managers of the Republican and Democratic presidential candidates today issued the following claims for delegates to the National convention, including estimates of the Ohio results up to noon today:

Republican delegates claimed for Taft, 559; for Roosevelt, 463. Conceded Roosevelt by the Taft managers, 386; conceded Taft by the Roosevelt managers, 181. Instructed for La Follette, 36; Cummins, 10. Uninstructed, 122. Delegates contested by Roosevelt, 182; by Taft, 20.

Democrats—Claimed for Clark, 391; Wilson, 291. Conceded Clark by Wilson managers, 216; conceded Wilson by Clark managers, 106. Claimed for Harmon, 52; instructed for Underwood, 82; instructed for Marshall, 30; Foss, 34.

COLUMBUS, Ohio, May 22.—The latest returns this afternoon indicate that Roosevelt gets thirty-one of the forty-two district delegates. His managers also claim the 6 delegates-at-large. Taft claims fourteen.

On the Democratic side, where the ballots cast direct for the candidates Harmon, with returns from less than half of the precincts, had 50,134; Wilson, 40,227. Harmon is certain of twenty-eight of forty-two district delegates, and claims all but four.

Available returns later this afternoon indicate that Roosevelt carried the Sixth, Eighth, Ninth, Tenth, Eleventh, Twelfth, Fourteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth and Twentieth and Twenty-first Twenty-first districts. He gets one delegate in each of the Third, Fourth and Fifteenth. La Follette had no delegates, although he ran strong in many districts.

Walter Brown, Roosevelt's Ohio manager, said: "Roosevelt will be nominated on the first ballot. Everything indicates that Taft is impossible. The dark horse talk is ridiculous."

Brown concedes Taft ten Ohio delegates. It is rumored here that if Taft withdraws, his Ohio delegates will support Elihu Root for nomination.

COLUMBUS, May 22.—Assured of at least thirty in forty-eight delegates, it is certain Roosevelt will control the Republican State convention. The Roosevelt people claim six delegates-at-large, also.

Chairman Laylin of the Taft committee, declared that Taft would control the State convention and elect the delegates-at-large, despite the apparent Roosevelt victory.

Harmon is running about fifteen thousand ahead of Wilson. Harmon is assured of control of the State Democratic convention.

"OHIO'S RESULT SETTLES CONTEST" SAYS ROOSEVELT
OYSTER BAY, May 22.—The result in Ohio has settled the contest, declared Col. Roosevelt when assured that he will control the Ohio convention. "Naturally, I am pleased. I appreciate what the people did." He received thousands of congratulatory telegrams today.

"The Ohio victory," the Colonel continued, "shows that it will be hopeless to try to beat us at the Chicago convention by trying to unseat delegates, nor will it be possible now for the opposition to try to win by seating the delegates elected by fraud in the Southern states. Every honest, decent citizen should be profoundly concerned in our victory."

Col. Roosevelt starts on his New Jersey campaign tomorrow.

TAFT STILL IN THE RING—
RESTS FOR NEW JERSEY FIGHT
WASHINGTON, May 22.—President Taft arrived from Ohio at nine this morning and went directly to the White House to rest preparatory to leaving for New Jersey tomorrow.

England Will Jail Leaders Suffrage War

LONDON, May 22.—Mrs. Emmeline Pankhurst, Petrick Lawrence and Mrs. Petrick Lawrence were found guilty today of "unlawfully conspiring and agreeing together, to commit damage and injury to property, and with having aided, abetted and procured offenses against the malicious injury to property act."

They were sentenced to nine months' imprisonment at hard labor, each.

The court was jammed when Attorney General Isaacs began arguments. Mrs. Pankhurst continually interrupted the court, keeping the court in an uproar.

crime for Taft to continue the contest," was the declaration this afternoon of Senator Dixon, Col. Roosevelt's manager, commenting on the result in Ohio.

"The President's friends should not permit him to go to New Jersey. He frankly stated in Cleveland Thursday that the Ohio vote would settle his nomination. The wise and patriotic thing for Taft to do is to accept the verdict and withdraw."

Taft men here concede Roosevelt thirty-eight delegates in Ohio's total delegation of forty-eight. The Roosevelt forces concede Taft but eight.

DEATH BLOW TO TAFT'S HOPES
SAYS LONDON OF OHIO RESULT
LONDON, May 22.—The death blow to Taft's hopes for renomination is seen by the London papers today in Roosevelt's Ohio victory. The Pall Mall Gazette says: "The blow delivered to Taft in his native state is mortal, and completes the tragedy of the judicial mind in domestic politics. The sooner the president is retired from the dog fight, the better."

WRITES LETTER DEMANDING CAUSE

Heathman Carries Out Board's
Order Concerning Tele-
phone Company

GIVES NOTICE OF
MONDAY'S ACTION

Communication is Addressed
to the Pacific Company in
Los Angeles

"Santa Ana, May 21, 1912.
"Pacific Telephone & Telegraph Co.,
Los Angeles, Calif.

"Gentlemen:—At a regular meeting of the Board of Trustees of the city of Santa Ana, held on the 20th day of May, 1912, the matter of the proposed franchise of the old company in this city, and the provisions and text of the decision of the Supreme Court of the United States in Pomona and Pasadena telephone cases came up for discussion, and I was instructed by said board to ask your general manager to come to a special meeting of the board to be held on the 27th day of May next, at 7:30 o'clock p. m., and show cause why you do not take out a franchise of your company in this city and why the business of your company should not be discontinued on the streets of this city.

"Yours truly,
"W. F. HEATHMAN,
"City Attorney."

The above letter was written yesterday by City Attorney Heathman and turned over by him to Local Manager Morrow of the Pacific Telephone & Telegraph Co. Morrow has mailed a copy of the letter to C. F. Mason of Los Angeles, division commercial superintendent, and J. A. Lynch of Los Angeles, district commercial superintendent.

It seems to be generally understood that either Mason or Lynch will be present at the meeting of the trustees next Monday evening. It was under instructions from the trustees that the city attorney wrote the above letter.

BENJAMIN TO PROBE I.W.W.'S

Webb is Not Well—Assistant
to Head Governor Johnson's
Investigation

SAN FRANCISCO, May 22.—It has been unofficially announced that Assistant Attorney-General Raymond Benjamin probably will be sent to San Diego to undertake Governor Johnson's investigation of the Industrialists. Attorney-General Webb is suffering from the effects of a recent illness and is unable to go. It has not been announced when Benjamin will start. Webb is expected here tonight.

SAN DIEGO, May 22.—In accordance with the appeal to avoid it, the much advertised demonstration for the vigilantes failed to materialize when J. M. Porter, the alleged leader of the citizen's committee, appeared in court to answer contempt charges for alleged intimidation of attorneys for the Industrial Workers of the World. The court house and streets surrounding it were crowded by hundreds of curious spectators, but they attempted no demonstration. Judge Guy promptly overruled the demurrer to the citation against Porter.

Only one witness was called. Detective Shepard of the San Diego police, testified that he had not heard the alleged conversation between Porter and the Industrialist attorneys when it is charged that Porter threatened them unless they left the city. At 10:45 Judge Guy adjourned the hearing until 9 o'clock tomorrow morning to proceed with the perjury case of E. E. Kirk, former attorney of the Industrialists. He denied Kirk's attorney's motion for a change of venue.

ARMED BANDITS
STEAL \$10,000 AND
MAKE AN ESCAPE

ST. LOUIS, May 22.—Overpowering a watchman and binding him in a chair in the basement, two bandits wrecked the vault of the First National Bank at Camden yesterday morning. The bandits secured \$10,000 and escaped, standing off the citizens with revolvers. Six bandits held off the crowd which was aroused by the explosion of dynamite, while another pair completed the loot. All climbed into a red automobile and fled.

PETITION WILL TAKE FIFTY-TWO NAMES

City Clerk Burke Ready to Hand-
dle His End of the Nomina-
tion Matter

FOURTEEN DAYS TO
FILE THE PAPERS

The Candidates Are Few or
Else Have Been Keeping
Well Under Cover

City Clerk Burke is prepared to do his share in handling all nominations that may be made for members of the Board of Freeholders. According to City Attorney Heathman, there is a period of fourteen days in which nominations can be made. A verification deputy must be appointed by each candidate for membership on the freeholders' board. One or more such deputies can be appointed by each candidate.

In order to make the nomination, each candidate must have the signature of electors equaling at least three per cent of the names of votes cast in Santa Ana at the last general election. That means that fifty-two signatures are necessary.

The city clerk has provided the necessary nomination blanks, which may be secured on application by any verification deputy appointed by a candidate. This appointment must be made at the city clerk's office.

A portion of the nomination blank states:

"The undersigned does solemnly swear or affirm, that . . . is a qualified elector residing in the city of Santa Ana, California. That . . . does hereby nominate . . . as independent candidate for the public office of member of Board of Freeholders to prepare and propose a Charter for the City of Santa Ana, in and for the City of Santa Ana, to be filed by electors, to be held in the special municipal election in said City of Santa Ana, on the 2nd day of July, 1912; . . . that . . . has not joined in any manner in nominating any other candidate or candidates for the same office, or in nominating the same candidate or candidates for the same office under another or different political party name or designation."

City Attorney Heathman has not yet given an opinion on the question of the compensation of members of the board of freeholders. He says that he wrote to the city clerk of San Bernardino and asked how the matter was handled there when San Bernardino was preparing its charter, and received no compensation, but that the expenses of the board were paid by the city. The principal item of expense was for legal advice.

The law itself makes no provision for compensation. Neither does it prohibit compensation.

LOS ANGELES DOGS
MUST BE MUZZLED
DURING SUMMER

LOS ANGELES, May 22.—By a vote of 6 to 3 the Council yesterday passed the dog muzzling ordinance which was in effect several months last summer and repealed.

The ordinance adopted yesterday does not go into effect for at least thirty days, provided Mayor Alexander signs it.

The proposed ordinance will provide that all dogs running at large must wear muzzles. It will not be necessary to muzzle the dogs when on the owner's premises.

NEW TOWNSITE TO BE
LAID OUT NEAR VISTA

OCEANSIDE, May 22.—While in Oceanside yesterday J. W. Strickler, grain merchant of Vista, confirmed the report of the sale of 1700 acres of land near Vista, a station of the Santa Fe Railway, between Oceanside and Escondido, for a consideration of about 70,000, of which \$20,000 has been paid. Wellington S. Morse appears as the purchaser and the announcement is made that a townsite will be laid out. The surveying is now being done.

RICHESON FUNERAL
THIS AFTERNOON—
WAS DESOLATE ONE

BOSTON, May 22.—Miss L. Richeson, sister of the pastor murderer, arrived here today to confer with her brother, Douglas, as to the disposition of the remains of their brother, whose corpse was still unclaimed at noon today.

The body was claimed later and the funeral services for Richeson were held at the Warren Baptist church this afternoon. Rev. Johnson, the murderer's spiritual adviser at the prison, officiated. Richeson's brother and sister, his attorney and several newspaper men were the only attendants.

SONORA CITIES TO BE CAPTURED WAS PLOT

Seizure Planned for Sunday--U.S. Troops
Border Following Threatened
Clash of Yesterday

NOGALES, Ariz., May 22.—An alleged plot to seize several of the larger cities in Northern Sonora was revealed today as a result of the arrest of several of the ring leaders, among whom are many wealthy Sonorans. According to Mexican federal officers, Nogales, Mexico, Magdalena, and several other towns were to be seized simultaneously next Sunday.

A well organized junta was directing the movement. A majority of the members of the junta fled across the border, and thus escaped capture. The authorities have doubled the police patrols here, and in all the border towns.

EL PASO, May 22.—One shot was fired and American troops and Mexican rebels yesterday clashed and nearly engaged in a fight when 300 rebels crossed the border near Fabens, Texas.

The American troops, a detachment of the Eighteenth infantry, under Lieutenant Dougherty, withdrew 200 feet from the rebels to avoid a conflict and two Texas rangers were sent to parley with the rebels. They were told by Jose Cordova, General Orozco's secretary, that the rebels did not recognize the American troops.

Rebels Are Pushed Close to the Border by Federal Pursuit
General Huerta's pursuit of General Orozco's army yesterday continued and the rebels retreated to San An-

tonio, six miles east of the railroad, which the federalists hold. General Orozco's army is being divided and scattered.

Santa Barbara, near Parral, has been taken by a rebel band, detached from the main army, and troop movements show General Orozco no longer is concentrating his forces at the front.

AMERICAN TROOPS WILL
FOLLOW FIGHTING ALONG
THE NATIONAL BORDER

FABENS, Tex., May 22.—Colonel Steever, commanding the department of Texas, today sent a detachment of troops to follow the fighting rebels and federalists along the border, to prevent any of them crossing or inflicting damage on American lives and property.

Few details have been had from the fighting center today. A battle is still raging.

AMERICANS AND OTHERS
ROBBED AT VELARDENE

EAGLE PASS, Tex., May 22.—Fifty foreigners, a majority of them Americans, were besieged in a smelting plant by Mexicans at Velardene, in the State of Durango, and robbed of their valuables, after surrendering when the rebels threatened to burn the smelter. The rebels looted the plant.

TROUBLE FOLLOWS GAME FULLERTON ASKS \$11.50 FOR MISSING CLOTHING

As the result of certain alleged acts of vandalism committed by pupils of the Santa Ana High School during the progress of the baseball game yesterday between Santa Ana and Fullerton for the championship of the county, Principal Bartlett of the local High School has sent a bill from Principal Brunton of Fullerton for \$11.50 damages.

The allegation of the principal of the Fullerton school is that while the game was in progress certain Santa Ana boys, whose names he refuses to disclose, broke into the lockers of the Fullerton boys in the dressing rooms on the athletic field, and took

clothes to the value named. What was done with them is not stated. Prof. Brunton said in a statement today that the matter might be brought to the attention of the High School Athletic League later, but that he was first awaiting to hear from Prof. Bartlett.

It is further alleged by Prof. Brunton, that after the conclusion of the game some of the Santa Ana boys engaged in rowdiness in the way of snatching the hats of spectators, and that several of them followed a bunch of the Fullerton boys several miles in the effort to provoke a quarrel, but without success.

THREE WINKS OF ELECTRIC
LIGHTS LAST NIGHT TOLD
OF ROOSEVELT'S VICTORY

The Register's suggestion for informing the people of Santa Ana as to the result of the election in Ohio last night was successfully carried out through the generous co-operation of Manager Deimling and the substitution employees of the Southern California Edison Company.

Word was received by the Register at 8:40 o'clock that Roosevelt had carried the state of Ohio, probably two to one. That was the best available report at that time.

This information was given the substitution, and immediately the switch that turns on and turns off all the lights of Santa Ana, Tustin and the immediate vicinity was given three pulls off and on.

That made the three "winks," "dips," or "winks," whatever you would call them, that signalled Roosevelt's victory.

When the first wink came, hundreds of people began to count. Two would mean that the state was undecided, three that Roosevelt won and four that Taft won. With the third wink, and no more, came shouts. A bicyclist riding along South Main street said he heard cheers coming from houses in every direction. It was the same all over the city. In the moving picture shows the winks were a signal for applause.

The novelty of the method created a great deal of interest, and many people have asked the Register to express their thanks for the courtesy extended by the Edison Company.

WHITE HOUSE TERM 6 YEARS FAVORED

Cummins Writes Report From
Committee—Filibuster is
Likely on Measure

WASHINGTON, May 22.—The Constitutional amendment for a six-year term for President with ineligibility for re-election was favorably reported to the Senate yesterday from the committee on judiciary. The report was written by Senator Cummins, a candidate for the nomination. It was devoid of arguments for the resolution and was sufficient only to put the proposal before the Senate in the ordinary parliamentary channel.

Senator Works will attempt to amend the resolution to include the Vice President in the prohibition against a second term. It is believed that if permitted to come to a vote the resolution might prevail, but a filibuster will be organized against it and because of the effort to bring the session to an end at an early day a decisive vote is unlikely.

SLICE OF COLORADO
RIVER BANK CUT
AWAY AT NEEDLES

SAN BERNARDINO, May 22.—The Colorado river carried away 100 feet of the bank at Needles yesterday and the situation is now more critical than at any time since the flood started. Seven buildings slid into the river when the bank gave way, and the people are moving other buildings back for safety. The government weather bureau has issued a warning that still higher water may be expected the next few days.

PUTMAN GAVE GRIM
EVIDENCE TODAY
IN BELGIAN'S CASE

RIVERSIDE, May 22.—M. E. T. Putman, the prospector, who put the police on the trail of Frank Bauwraerts, the Belgian accused of the murder of Julia A. Hancock and Harriet Guyot in the Chuckawalla mountains, testified today at the Belgian's trial for murder.

Putman swore he saw Bauwraerts covering the woman's body and burning her effects. He described his thirty-mile tramp across the desert to telegraph to the officers.

LOS ANGELES, May 22.—Clarence Darrow today headily and unqualifiedly denied the story printed in the San Francisco papers to the effect that he will plead guilty of the Lockwood bribery charge and escape with a jail sentence. He said:

"Such a thing has never been, is not being, and never will be considered. I will never, never plead guilty. The report must have been started by the other side. I will fight the case to the end. My innocence will be proved."

JURY COMPLETED BY CHOICE
OF MONROVIA RANCHER

LOS ANGELES, May 22.—The Darrow jury was completed at 11:10 o'clock this morning. John L. Dingman, a Monrovia rancher, is the twelfth juror. There were ten veniremen under question this morning when the attorneys in the Darrow trial renewed their efforts to secure the twelfth juror. Both sides were confident the box would be filled today.

Four of the jurors are from Los Angeles and eight from the surrounding towns. Six are ranchers. The defense used eight peremptory challenges and the prosecution three, in securing the jury, leaving two unused on each side. An agreement was reached to secure the thirteenth juror for alternate in the event of illness in the jury in case of a lengthy trial. Talesmen were borrowed from other departments so that the case might proceed immediately.

The first talesman examined for the position of alternate juror was John Welden of Los Angeles, a striking carman. Welden declared on cross examination that he still believes the McNamara innocent, notwithstanding their plea of guilty.

Court adjourned at noon and reconvened at 2 o'clock. Prosecuting Attorney Fredericks announced that he will outline the state's case before the first witness is called.

CONGRESSMAN SMITH BACK

Compelled to Resign Position
on Committees Because of
Ill Health

Los Angeles Times:—Forced to resign on several of the principal committees in Congress on account of his ill health before the close of the last session of that body, Congressman Sylvester C. Smith, with his family, came to Los Angeles from Bakersfield several days ago.

Since his arrival, Congressman Smith has been sick, and there were reports to the effect that his life was despaired of. Dr. George G. Turner, who has been in attendance, stated that he will in all probability, recover, and that a rest is all he needs.

Congressman Smith broke down a year ago. At the time he was a member of the committee on investigation of the proposed parcels post system and was also a member of the monetary commission. He has been serving his fourth term as Republican Congressman from the oil belt. For the summer months he will reside at No. 313 Hillcrest drive, Hollywood.

PHONE MERGER IS BIG PROPOSITION

Affects Pasadena Alone; Will
Give City 1; Phone Service
of Sunset Secures Home

LOS ANGELES, May 22.—The telephone merger that will be effected by the Sunset Telephone Co.'s plan, if accomplished, to buy the stock of the Home Telephone Co. of Pasadena, will be the closing of the telephone merger of Southern California. It will be completed about July 1 and Pasadena will win its fight of several months and have a one-phone service. The purchase price is approximately \$730,000.

The chief features of the deal are disclosed as follows:

Pasadena will be the only city affected by the merger.

The Sunset company assumes complete control of all telephone properties in Pasadena, including the stock, physical property and franchise of the Home Telephone Company, as the result of an option taken by the Sunset Co. some months ago. The state railway commission will meet in Pasadena in two weeks to consider the merger.

NO REASON FOR IT

When Santa Ana Citizens
Show a Way

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills, will fail to heed the words of a neighbor who has found relief. Read what a Santa Ana citizen says:

W. A. Irvine, 811 E St., Santa Ana, Cal., says: "I am as firm a believer in Doan's Kidney Pills now as when I publicly vouched for their merits in March, 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache and sharp pains through my loins. This medicine, which was procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) has also been helpful in other ways, relieving soreness through my kidneys and regulating the passages of the kidney secretions."

THE RECEPTION IS NEXT WEEK

Arrangements Being Made For
Presentation of Diamond
Medal to Martin

Arrangements for the public reception to be given in honor of Glenn L. Martin of Santa Ana, world famous aviator, are progressing rapidly. The event will occur some evening next week at the Grand Opera House.

The Merchants & Manufacturers Association and Chamber of Commerce have selected a beautiful diamond medal, which has been ordered through E. B. Smith. On one side the medal will have a representation of Newport Bay, and on the other Catalina Island, with a flying machine between. This is to represent Martin's wonderful flight by hydro-aeroplane from the Orange County bay to Avalon, in which he broke all across-water world's records.

Manager Uhm of the Grand Opera House will have an aeroplane on the stage as a setting. There will be a program of music and speeches, and the presentation of the medal will be the feature of the evening.

WESTMINSTER NEWS LETTER

WESTMINSTER, May 21.—David McClintock of Los Angeles was an over Sunday visitor with friends here.

Mr. and Mrs. Forest Harris of Santa Monica were over Sunday guests at the home of J. C. Murdy.

The Woman's Home Mission Society of the Methodist church met at the Waters home on Thursday afternoon.

Los Angeles Examiner: Judging by the rapidity with which the first lot of cantaloupes received by the various retail dealers of the city have been disposed of, the demand for the present season bids fair to be greater than that of any previous year.

A few days ago the first consignment of melons was placed on the market and the price, in some instances, was as high as \$2.50 per crate. This did not hold for many days, however, as shipments from the Imperial Valley lowered it to the present price of 10 cents apiece.

A great crop is forecasted for Southern California this season. Thousands of acres are planted in cantaloupes in the Imperial Valley, the principal field of production. Not only is the quantity of melons expected to be one of the largest in its history, but the quality is now being placed on an equal basis with the cantaloupes produced in the famous district of Rocky Ford, Colorado.

A conservative estimate places the number of melons shipped out of the Imperial Valley last year at 50,000,000, and indications point to a heavier crop for this season. During the height of the season scores of refrigerator cars leave the valley each day loaded with melons for the northern and eastern markets.

The growers and dealers of California have this year organized a Cantaloupe Association that will attend to marketing the melons. The feature of the association will be not so much to control the prices, but to prevent cantaloupes from being shipped to markets where a surplus already exists.

WHO ARE "THE PEOPLE?"

In an article in the June American Magazine on "Our Next President and Some Others," Ray Stannard Baker has the following to say about "the people," about whom, of course, we are hearing so much during a presidential campaign:

"Who are the people? Who are the people who are to be trusted with the initiative, referendum and recall?"

"It is one of the most curious things in the world, how men differ when they speak of 'the people.' For example, are Negroes people? Are women people? In a few places Negroes are people in a political sense, but in the South there are 9,000,000 of them who are not people. In a few places women are people, to be trusted with the democratic instrumentalities, but in most places they are not. If we could really agree on who are the people, we should have all our troubles settled in a twinkling! But we can't; and that is the very basis of this and of all other great political crises.

"Now, then, in the past, while nominally we have had a democracy in this country, we have had a very narrow idea as to how many people should be included in the democracy. In early days in New England only church members could vote, and afterward only owners of a certain amount of property. Every political revolution is caused by the effort of a new class of people to get into the democracy. No mere quarrel over an injury done to a material interest ever produced a revolution. Such quarrels produce revolts, but not revolutions.

"Now, the conservatives of today—Taft, Harmon and others—are willing to tinker the tariff, and thus redistribute in small measure a few material benefits. But the proposal of the progressives goes deeper: They would let in as sharers of government, with the business men and property owners who have so long dominated the country, an immense class of people further down in the scale—men who, though nominally voters, have in reality had nothing to say about their government. And that is why, to all of those who are comfortable and safe, such men as La Follette and Wilson are dangerous. They are revolutionaries. They disturb the former equilibrium of control. They are looked upon much as Old King John must have looked upon his barons, coming to force him to sign the Magna Charta, letting in a whole new class of people to share in the government.

"Nothing, indeed, can exceed the amazement of a modern conservative—the type of the comfortable, prosperous business men—when he sees whole states sending in huge majorities for such 'demagogues,' and 'revolutionaries' as Roosevelt, La Follette or Wilson. They have the feeling of the angler who suddenly feels the surprising tug of a fish bigger than he supposed was to be found in the pool! The reason is that formerly, when he wanted political news he asked his friend the banker, or the merchant or the railroad owner—and lo! he got his true prophecy. He never considered the mass of the people at all. But now the mass is awakening, rubbing its eyes, and demanding a share in the government."

ENGLISH SPARROWS

Redlands Facts: It is reported that the English sparrow is "in our midst." In fact, there is one nest in a prominent part of town, and San Bernardino reports that there are quite a good many of the birds there. The English sparrow has long been recognized as very much of a pest. The breed multiplies with almost fearful rapidity, and where there may be only one family here now, if they are not stamped out, there will be a good many families in only a few months.

The English sparrow is known as the implacable foe of all other birds. If let alone here, we may as well bid goodbye to our beautiful orioles, our sweet-toned wild canaries, our inimitable mimickers and all the other varieties of small birds which go so far now in making life here a delight. Other communities have dealt summarily with the English sparrow, when he appeared with them. Our municipal government should be as active in getting rid of the birds as in putting an end to any other pest.

VEIL NOT YET DISCARDED

The progress of the Turkish women towards Europeanization has recently received a severe setback. They had begun to form clubs, wear European clothes, and even accompany their husbands in the same carriages. But the climax seems to have

been reached when they began to at-

tenuate their veils. The government thought that this was carrying things too far, and ordered a reversion to the old order, with greater emphasis than ever on the veil, and a mandate that they should make themselves as "inconspicuous" as possible.

There is nothing to wonder at here. The Turks who regard their women as without souls, might also doubt the efficacy, as a brightener, of a woman's smile visibly exposed.

Proclamation by Mayor

Whereas, the 30th day of May has been dedicated by state authority as a legal holiday for the observance of appropriate ceremonies in honor of the heroic dead who participated in our country's battles on land and sea, and for the purpose of decking the graves of the soldier dead with garlands of flowers, and to inculcate the may virtues of these departed heroes to the sons of veterans of the present and coming generation.

Therefore I, Frank E. Y., as the executive officer of the City of Santa Ana, duly authorized thereto, do hereby proclaim Thursday, the 30th day of May, 1912, as a legal holiday for all the above named purposes, and request the merchants, trades, occupations and professions in said City to lay aside and close up their business between the hours of 1:30 p. m. and 3:30 p. m. of that day, and participate in the exercises of the Grand Army of the Republic in the Opera House in said City, during those hours.

FRANK E. Y., Mayor.

A GREAT EXPERT IN THE CAMPAIGN AGAINST FLIES

In the June American Magazine there is an interesting article about Clifton F. Hodge, professor of biology in Clark University at Worcester, Mass. Last year Professor Hodge led the children of his city in an interesting scientific campaign against flies—all this being a part of his idea of getting vital science into the life of the children by way of the public schools. In a three-week campaign a few Worcester boys and girls killed 16,000 flies. Following is an extract:

"Easy as turning over your hand," says Hodge. "So simple that to be almost humorous and so effective that it is little short of uncanny," writes Dr. Guy L. Hunner who tried out the Hodge plan last summer on his Maryland farm. "It's the best fun we ever had," say the boys and girls. The 'Hodge Plan' is biologically the easiest, simplest and most direct solution of the filth disease fly problem imaginable, a solution which means the saving annually of at least 100,000 flies, \$500,000,000 and endless discomfort to 100,000,000 people in America. "Carry the whole fight outdoors, where it belongs. With durable wire traps set over all garbage pails, where they feed, and in the windows of all stable cellars, where they breed, simply let the pests catch themselves; and then feed them to the chickens." One Worcester boy brought in twenty-two quarts as a catch of a single day. It is only a question of educating everybody to co-operate. Only 232 out of the more than 2,000 Worcester children entered the campaign, and in

the best sections of the city not more than one family in ten even tried to do effective work, but the results plainly indicate the possibilities of the plan.

"In a paper read before the American Civic Association at its last meeting in Washington on the subject of Civic Fly Campaigns, Dr. Hodge called attention to the fact that by offering prizes for the largest number of flies caught we put a premium on unsanitary conditions and may actually stimulate fly-breeding. To correct this error he offered the following suggestion:

"The civic fly campaigns of the future will focus all prizes and honor on the complete absence of flies. Dividing a city into equal districts, instead of crowning him winner who catches the most, we will win who has his district clean first, i. e., who first catches none. The real object of our civic effort will thus be attained and the result will be subject to perfectly clear inspection and demonstration. Instead of our children wallowing for more flies to catch, we shall have general rejoicing that the work is well done, rejoicing in clean, wholesome homes, free from danger of filth-disease infections, clean, wholesome stores and market places, a time-old weary fight ended and the most deadly enemy of mankind vanquished at last. This is now a perfectly possible, even easy consummation, if every household will co-operate. It could all be accomplished at less labor and expense than is now required in extra window and house cleaning due to the presence of the pests."

The People's Forum

Brief communications will be published under this head, provided they be signed by the author, or the author's name be sent to the Editor as evidence of good faith. The Editor shall be the sole judge as to the propriety of publishing any communication, and the Register assumes no responsibility for any views that may be expressed in this column.

Editor Register: Read this if you are an apricot or walnut grower:

In last Saturday's article I told the apricot growers that the state horticultural commissioner is coming to their help by issuing a monthly crop bulletin which may be had for the asking. The accuracy of that report will depend upon the accuracy with which the county commissioners make their reports to the state office. The accuracy of the county commissioners' report will depend largely upon the co-operation which the growers as individuals and which the associations will give him. We believe that that the accuracy of the association's estimate for Orange County last year as an output of about 1200 tons of dried apricots proved as close as an estimate possibly could. We therefore take little stock in the story of the buyer referred to in my article that the declining in the price was due to the fact of actually finding a crop 3500 tons larger than estimated.

The walnut growers, however, suffered from an underestimate of the crop. At least, that statement I heard made by one of its officials, and was certainly true for the state.

In the interest both of the grower and buyer a crop estimate should be as close as possible to the truth. The state office should issue a report that can not be questioned by either party. The packers always make their own estimate and will not be deceived by any other estimate. They may not always agree, but what they are about, I wish to urge upon the growers the extreme importance of getting a true estimate of their crop, and of co-operation with the county commissioner to enable him to make a reliable report. And therefore, I wish to make a few suggestions to our apricot growers, which apply with great force to our walnut growers; and no doubt the walnut associations this year will ask the growers to co-operate with their secretaries more actively to obtain a correct report, and I hope they will also send out a field man to visit every grower in the county whether a member of the association or not. For I believe that as a rule the grower is the best judge of his crop. The field man should be a good judge, and at the same time, being sent out by the association, should be a good solicitor for membership, and thus "kill two birds with one stone."

That the price of our products is largely affected by the supply in the market is evidenced by the remark of the buyer: "If the crop had been only 7500 tons, a 15 cent price was justified." In order to make the right price, just to the growers as well as to the buyer, we must know what the supply is. And at this point I urge upon the growers to co-operate with the county commissioner and with the association to make accurate knowledge possible. I desire to request the growers to volunteer information to the county commissioner by calling him up over the telephone at his office or home and tell him of your crop and your neighbors. I wish every apricot grower, member of the associ-

tion or not, to telephone me or our secretary somewhat as follows:

"My name is _____. My orchard is located _____. I have _____ trees or _____ acres. My dried fruit last year was _____ tons. I expect _____ tons this year. My crop is light, fair, medium, good, heavy, as the case may be. Or my crop is about one-fourth, one-third, one-half, and so forth. Or state in per cent. Tell what you know of your neighbor's crop. Be as concise as possible in your statements. To reach me use Home or Sunset phone, morning, noon or night. To reach our secretary, phone to the Orange County Dried Fruit Association between 8 a. m. and 6 p. m., both phones. Our association may not be able to send out a field man, but let every grower help to the best of his ability to make the crop report full and truthful."

J. G. BERNEKE, M. D. Corresponding Secretary Dried Fruit Association.

"SWAT THE FLY"

The paper following was written by Mrs. H. G. Dean, for Edison J. Martin, who by the way compliments the Register by saying:

"The Register's public spirit shown through the 'swat the fly' campaign certainly does help in making quick sales. Over 140 traps are now being used, 1000 or more will be put out in the next few weeks."

Mrs. Dean's paper follows:

In the first place, filth breeds flies, there would be no flies if there were no filth for them to breed in. They breed in your garbage cans and breed in stables that are not kept clean and in manure piles. Then they creep into your houses through any little crevice or watch their chance to come in the door when the screen is opened. On their legs they carry all kinds of filth and then deposit it wherever they alight, whether it be over your cakes or pies or your fresh baked bread that is cooling on your pantry shelf or trail over your nicely set table, leaving disease germs wherever they go. Perhaps they have come from a sick room where there is some contagious disease, lured into your cupboard by the smell of food and it does not concern Mrs. Fly in the least if she just came from your neighbor's garbage can, she went there to deposit her eggs and from there will come thousands of flies to

manor, the housewife and pastor the man of the house who is trying to enjoy a nice rest on his front porch. If you have a horse or cow keep your barn clean. Spray the floor around the horse stalls with a good disinfectant, keep the openings screened and use fly traps. Keep the stable refuse in a bin tightly covered with a wire netting, this will prevent the female fly from getting access to the contents to lay her eggs. Clean up every place where decaying animal or vegetable refuse accumulates. If you can not get any other disinfectant use kerosene. Flies will breed in old damp rags or papers, if you can not trace them to any other source look in the cuspidor.

A good device that has been used with success is a bottle containing formaldehyde, break a nick in the mouth and turn upside down in a saucer partially filled with water. The poison will gradually seep out and the flies will go to the saucer to drink. If you place this on a shelf in your barn early enough you can stop the breeding of millions.

Screen doors are a favorite gathering place for flies. Keep them away by rubbing the screen with kerosene and carbolic acid—one teaspoonful of the latter to a quart of kerosene. Kill all the flies in the house by using a "swatter." Any hardware ware store handles them, one can be made of a piece of window screen four inches wide and six inches long, attached to a handle. Let's all get busy and rid our beautiful little city of this pest and have a flyless town. If every one will help it can easily be done.

ORDINANCE NO. 539

An Ordinance of the City of Santa Ana Calling a Special Election of the Qualified Electors of said City, for the purpose of Electing a Board of Fifteen Freeholders to Prepare and Propose a Plan for said City in Pursuance of a Petition of Qualified Electors of said City.

The Board of Trustees of said City do ordain as follows:

Section 1. That the Board of Trustees of the City of Santa Ana, does hereby call a special election on the 30th day of July, 1912, of the qualified electors of said City, for the purpose of electing a Board of fifteen freeholders who shall have been for at least five years qualified electors thereof to prepare and propose a charter for said City. That the public interest requires the election of such Board for the purpose of preparing and proposing a charter for said City in pursuance of a petition of qualified electors of said City presented to said Board of Trustees on the 6th day of May, 1912.

Section 2. For the purpose of said election said City is divided into five municipal election precincts. Each precinct shall be identified with the five wards into which said City is divided by Ordinance No. 119 of said City, which said lines are referred to and is made a part of this Ordinance; that is Municipal Election Precinct No. One shall include the same territory and be bounded by the same lines as Ward No. One; Municipal Election Precinct No. Two shall include the same territory and be bounded by the same lines as Ward No. Two; Municipal Election Precinct No. Three shall include the same territory and be bounded by the same lines as Ward No. Three; Municipal Election Precinct No. Four shall include the same territory and be bounded by the same lines as Ward No. Four; Municipal Election Precinct No. Five shall include the same territory and be bounded by the same lines as Ward No. Five. Said special election shall be held in each of said election precincts at the following places hereinafter named and the following Boards of Election consisting of two (2) Inspectors, two (2) Judges, and two (2) Clerks for each precinct and electors thereof, are hereby appointed to hold, conduct and make returns of said election as required by law.

Municipal Election Precinct No. 1. Polling Place—Lacy Block. Inspectors—A. J. Jackson and D. G. Cole.

Judges—E. S. Baker and L. J. Carden. Clerks—James G. Morrow and Mit Phillips.

Municipal Election Precinct No. 2. Polling Place—City Hall. Inspectors—H. J. Bradford and U. D. Palmer.

Judges—F. Schroeder and H. H. Reeves. Clerks—C. D. Overshiner and L. N. Harvey.

Municipal Election Precinct No. 3. Polling Place—City Hall. Inspectors—R. J. Thompson and W. B. Winans.

Judges—H. Jones and Wm. E. Garrett. Clerks—B. E. Tarver and J. W. Flagg.

Municipal Election Precinct No. 4. Polling Place—Richelle Block. Inspectors—Stephen Ross and Chas. Mattern.

Judges—J. E. Armstrong and Mitchell Matthews. Clerks—J. R. Fowler and Geo. E. Robinson.

Municipal Election Precinct No. 5. Polling Place—Mrs. Salazar Block. Inspectors—M. Nisson and R. H. Cartwright.

Judges—J. A. Nunn and W. W. Henry. Clerks—Ed. Waite and G. D. Williamson.

Inspectors, Judges and Clerks of said Election shall receive a compensation of \$6.00 for such services. Said election shall be held and conducted in accordance with the special election laws of the State of California, so far as same may be applicable. The polls must be opened at 8 o'clock a. m. of the morning of the day of election and must be kept open until 6 o'clock p. m. of the evening of the same day, when the polls shall be closed.

Section 3. The City Clerk will procure and cause to be printed sample ballots arranged as they will be arranged on the regular election ballot and he shall within the time and in the manner provided by law send one of which sample ballots to each of the qualified electors of said City and shall enclose in the same envelope one card of instruction to guide the electors in preparing and marking their ballots, and may deliver one such ballot to any person who has not received a ballot by mail.

The City Clerk shall furnish 12 cards of instruction to the Board of Trustees of each precinct of said City at the same time and in the same manner as the printed ballot and sample ballot.

The Board of Election shall post at least one of each of said cards in each booth or compartment provided for the preparation of ballots and not less than three at other places at or about the polling place in each of the election precincts.

Sections 1214 and 1215 of the Political Code and Section 41 of the Penal Code shall also be printed on each of said cards.

Section 4. The City Clerk shall cause this Ordinance to be published once in the "Evening Blade," a newspaper published and generally circulated in said City, and in the same manner as the said take effect and be in force.

The above Ordinance was passed and adopted this 20th day of May, 1912, by the following vote, to-wit:

Ayes: Trustees Alderman, McPhee, Greenleaf, Grubb, Ey. Nays: Trustees, None.

President of the Board of Trustees of the City of Santa Ana, California.

Approved this 20th day of May, 1912.

President of the Board of Trustees of the City of Santa Ana, California.

Attest: I hereby certify that the foregoing Ordinance was passed and adopted by the Board of Trustees of the City of Santa Ana and signed and approved by its President at its meeting held on the 20th day of May, 1912.

(Seal) J. C. BURKE, City Clerk and ex-officio Clerk of the Board of Trustees of the City of Santa Ana, California.

On motion of Grubb duly seconded and carried, it is ordered that Ordinance No. 539, in addition to its publication in the "Evening Blade," be published once in the "Santa Ana Daily Register," and once in the "Santa Ana

MASONS ENTERTAIN

Men of Eastern Star Prove to be Excellent Hosts to Women Members

The men of Hermosa Chapter, O. E. S., were hosts to the ladies of the Chapter at a delightful social affair Monday evening at Masonic Temple. After the business session of the chapter, the members were requested to wait in the hall for a musical program and progressive whist games after the musicale.

Those taking part in the program were Rev. H. E. Murkett, who gave a humorous reading with an encore number; Prof. Haynes, F. C. Rowland and Maurice Phillips with vocal numbers, all winning encores.

Players winning prizes in the whist games were Mrs. Glidden, first prize, a pair of handsome gloves, and Mrs. Verne Whitson, who won a feather duster for consolation prize.

Later the company was invited to the banquet room where tables beautifully decorated with flowers and ferns awaited the guests. The gentlemen served ice cream, strawberries, cake and hot coffee to probably 125 people. The occasion was a very happy one and the gentlemen were as successful in entertaining as they were in decorating, which is saying much, as the floral effects in both hall and banquet rooms were enthusiastically admired.

Picnic at Balboa

The Young Ladies Travelers of the Ebell spent a delightful day at Balboa today, going down in automobiles and on the trolley. Dainty lunches had been provided and a pleasant day on the beach was anticipated. Misses Jennie McFadden and Mary Wakeham, who are staying at Balboa, joined the party on its arrival. The following were those who participated in the picnic: Mesdames Clyde Walker, George Cole, H. T. Rutherford, J. W. Tubbs, Harry Hanson, Roy Peterson, Carl Strick, Bradley; Misses Musser of Colorado, Blanche Tiede, Esther Patterson and Myra Kirk.

Pleasant Afternoon

The Crescent Sewing Circle met at the home of Mrs. C. M. Marshall, West Seventeenth street. A large number of members were present and several new ones were added to the circle. Mrs. Marshall was a charming hostess and the afternoon passed delightfully, the ladies busying themselves with fancy work over which they kept up animated conversation. The question of the final meeting for the season was settled by deciding to have a picnic at Balboa, date to be named later. Cooling refreshments were daintily served by Mrs. Marshall.

CHURCH BANQUET

Nearly 300 at United Presbyterian Feast Reminiscent of Days of "Auld Lang Syne"

A tender and beautiful tribute to a young man's love for his mother and his exemplification in Glenn Martin's recent delightful attention to his mother when he carried her aloft to the sky over the dazzling Pacific in his wonderful air craft, is paid by the Los Angeles Times, as follows:

"Every boy who marvels at the goodness and the sweetness of his mother's love swears in his young heart to one day surround her with comfort and to crown her with honors that he will win in her name. For many reasons only a few are allowed this privilege, and, alas, too many forget this pure dream of youth in the struggle and selfishness of their maturity. It is the habit, too, of all men to promise to show the woman they love the glories of the world. These promises are only a lover's extravagance and the enthusiasm of those dreams which affection ever inspires. What a marvelous literal fulfillment of boyhood hopes and ideals it must have been for Glenn Martin, a darling young aviator, to have lifted his own mother upon the white wings of his aeroplane Sunday afternoon and to have shown her the glories of earth and sea and sky as they hovered above the world together at an altitude of 2000 feet! It is not for every boy to share the sky with the tender, gentle mother who has led him safely into manhood, but almost every boy whose mother is spared to take pride in his manhood has much which may be shared with her if he does not forget."

Picniced at Old Mission

The following party went to San Juan Capistrano yesterday morning, where the day was spent in visiting the mission and taking in other sights of the quaint old Mexican town: Mr. and Mrs. F. W. Wiesseman, Carl Wiesseman, Mr. and Mrs. Charles Wiesseman and son Chester, who are house guests of the F. W. Wiesseman family, Mr. and Mrs. G. Quick, E. S. Baker, Mr. and Mrs. C. W. Burns and T. W. Nealey. The trip was made in three automobiles.

Off for Federation

Mrs. I. D. Mills, Mrs. A. J. Crookshank and Mrs. S. M. Davis left last night by train for Paso Robles to attend the state federation of Women's Clubs, meeting there today in annual convention. Mrs. Mills represents the Woman's Club and the other ladies represent the Ebell Society.

Guest at Graduates Function

Miss Winifred Roberts, daughter of Prof. W. C. Roberts, who has completed the expression course at Cumstock School of Expression, Los Angeles, was a guest of Mr. and Mrs. Merrill Grigg of that school at the recent annual dinner and dance given at the Annandale Country Club for the graduates of the school.

Attended Mission Play

The following Santa Ana ladies formed a party going to Los Angeles this morning, where they lunched together, going in the afternoon to see the Mission Play at San Gabriel: Mesdames A. J. Lawton, Cood Adams, H. Roy Smith, Byron Johnson, J. Liebig, J. W. Powers, J. T. Wilson, W. M. Clayton and Charles Bowman.

At the new United Presbyterian church last evening was given a congregational banquet in honor of former pastors and their families and old members of the congregation. The six-thirty o'clock dinner, at which 280 guests were seated, was served in the basement of the church. The room had been turned into a bower of loveliness under the capable direction of Mrs. Andrew Getty, the pillars of the church being completely hidden by asparagus plumosis and hanging baskets filled with white flowers. Green and white also prevailed in the table decorations, white carnations, sweet peas, roses and ferns gracefully adorning the twenty-two tables. Two hostesses presided at each table and two young girls of the church served at each table.

Colonel S. H. Finley acted as toastmaster and all the songs and after-dinner speeches were reminiscent of days long gone by. The following were some of the speakers and toasts responded to: Mr. Percy Thompson, one of the first members of the congregation, "The Beginning that Led to the Organization of the Church;" Mrs. D. S. McHenry, wife of the first pastor of the church, "Reminiscences;" H. G. Dean, "Twenty-five Years Ago;" Mr. F. H. Andrew, "Difficulties of the Building Committee;" Rev. W. L. C. Samson, "The Future of the Church." Beside these there was a speech by Rev. M. M. Kilpatrick, which was the principal address of the evening, an address by Rev. T. H. McMichael on the "Work of Monmouth College," and a short talk by J. C. Pinkerton.

Among the notable guests present were: Mrs. D. S. McHenry and son, William, Rev. and Mrs. M. M. Kilpatrick of San Diego, Rev. J. C. Pinkerton of the First United Presbyterian church of Los Angeles, and Rev. T. H. McMichael, president of Monmouth College.

After the feast and the enjoyment of "Auld Lang Syne" reminiscences, the company adjourned upstairs and were entertained by music played by Prof. Garratt on the splendid pipe organ.

Coates-Wilson

Miss Minnie Wilson of Santa Ana and Mr. Minor Coates of Tulare were married in Los Angeles yesterday. Miss Wilson is the daughter of Mr. and Mrs. J. R. Wilson of this city and is well known here.

The following from the Los Angeles Tribune tells of the marriage of Miss Gertrude Adams, a graduate of the Santa Ana High School:

"Miss Gertrude Adams, daughter of Mr. W. L. Adams of 1226 Lake street, is to be married tomorrow afternoon at 4:30 to Mr. John Andrew Kootz of Palo Alto at a quiet home ceremony, to which only a few intimate friends have been invited. The ceremony will be pronounced by the Rev. George C. Butterfield of Highland Park. Miss Adams is a charming young woman, well known here socially, and her fiancé is a professor at Stanford University in the department of electrical engineering."

Rehearsal for "Ruth"

Rehearsal for this cantata will be held tomorrow night at the home of Mrs. A. J. Crookshank, 620 Spurgeon street. All taking part in the cantata are asked to be present.

Surprise Party

Mr. and Mrs. P. Owens were given a jolly surprise last evening at their beautiful new home on G street. Their daughter, Miss Katherine, was in the secret, the affair being in the nature of a house warming. Mr. and Mrs. Owens were overwhelmed with amazement when their invited guests arrived, but with their inimitable hospitality made all welcome.

All were taken through the pretty home, which is fitted with every possible modern convenience.

An exciting bean race and other games were enjoyed, also musical

Goodbye to Bothersome Drawstrings

THE drawstrings of the old style blouse were always coming undone. The ends were always dangling outside. They had to be tied and untied every time you put the blouse on or took it off.

The famous K&E LOOP Blouse does away with the old nuisance of the drawstring.

With this LOOP the drawstring can be fastened securely when first put on, and does not need to be again adjusted until the blouse comes from the laundry. The blouse can be buttoned and unbuttoned, put on and taken off, without touching the drawstring. This helps every boy to dress and undress himself more quickly and keep himself neat in appearance.

The K&E Blouse, with its patent LOOP, has no loose ends to dangle outside. The mothers will appreciate the K&E LOOP Blouse for other reasons: the good materials, the reinforced shoulders, the hand-turned collars and cuffs, the fine, careful stitching.

Come and see these handsome blouses and bring the boy along.

We have a full assortment of sizes, patterns and styles.

Every K&E LOOP Blouse is put up in a separate Parchment Envelope.

last evening at the high school were very enjoyably entertained at a sup per given them after the play by their teacher, Miss Michod, at her home on Bush street. It was a surprise to all, and everyone enjoyed themselves to the utmost.

Rev. and Mrs. Geo. Greer left yesterday for an extended Eastern trip. They will stop en route at Washington, Iowa, to visit Mr. Greer's brother, going on later to the Synod and General Assembly of the Reformed Presbyterian Church at Morning Sun, Iowa. Finally they will attend a reunion of the Greer family at Manchester, Iowa.

Inter Se's Meet

Mrs. Earl Glenn informally entertained the Inter Se Club Tuesday afternoon at her home on North Broadway. The affair was a compliment to the Misses Cotter before they leave Santa Ana for their summer of travel to popular places in California and Colorado.

The afternoon was spent in conversation and fancy needle work. Delicious light refreshments were served, and with the departure of the guests good wishes were extended to the girls for their trip.

Woman's Club Meeting

Two important communications were read at the Woman's Club yesterday afternoon. One was from the State Board of Health relating to the registration of all births as required by law and in order to secure a more perfect record of infant mortality, was turned over to a member to be handed to the city trustees for their consideration. The other was from the District Forester on the danger of and from forest fires. He requests the help of Women's Clubs in an educational campaign along this line, by their bringing to the notice of friends who are camping, the necessity of doing everything they can to prevent and extinguish fires. The District Forester says:

"The means to this end are extreme care with burning matches, small campfires placed where there is no danger of their spreading, no bonfires, and no fires left even for a short time without being put out with water or dirt. Every fire discovered which cannot be put out alone should be reported at once to the nearest U. S. Forest Ranger or State Warden. If all travelers were reasonably careful fifty per cent of the fires that now ravage the state would never start, and more than a quarter million dollars saved annually."

Mrs. McKinney read an excellent paper on the subject: "Making the Desert Blossom." She spoke of the reclamation of the arid regions of Colorado, Arizona and California through the scientific development of moisture in the otherwise sterile soil. Our own county, which was once considered almost worthless, has thus been unfolded into the garden of roses and productivity of the present.

The club will hold a social with Mrs. Utley on Wednesday, May 29th, to celebrate her birthday and replenish their exchequer, a silver offering being asked from each member.

Miss Estelle Bloodgood went to Inglewood this morning, where she will visit her brother, Freeman Bloodgood, for some time in the hope of benefiting her health.

Fred Mitchell was a business visitor in Los Angeles today.

Mrs. Ernest Stanley and Miss Margaret Wakeham attended the wedding of Miss Gertrude Adams and Prof. John Andrew Kootz, which occurred in Los Angeles this afternoon.

Miss Musser of Delta, Colo., is the house guest of Mrs. Clyde Walker. George Ford and Mrs. Theo. Ford spent the day in Los Angeles with Mrs. Ford's niece, Mrs. Johnson, it being the latter's birthday.

Prof. and Mrs. J. W. McCormac have as their guest Miss Florence Morrison and Miss Ethel McCabe of Vancouver, B. C. Miss Morrison, who is the possessor of a beautiful voice, sang a solo at the First Methodist Church of this city last Sunday.

Mrs. L. B. Scammon has returned from Los Angeles where she spent a week with her son Forrest, who was recently scalded from the knees down when an S. P. engine blew up. Mr. Scammon is an S. P. conductor. His burns are healing.

Mrs. S. M. Davis left last night by the Southern Pacific to attend the annual meeting of the State Federation of Women's Clubs at Paso Robles. Mrs. R. J. Waters, the state president, learned two days ago that Mrs. Unholz, of Ontario, the regular recording secretary of the convention could not attend the state meeting, and she asked Mrs. Davis to take her place as recording secretary at this state meeting.

The C. D. McNeils are at the Hotel Balboa.

W. T. Patmore and R. W. Earl are Santa Anans who registered May 20 at the Argonaut Hotel, San Francisco.

Robert Eaton went to Pasadena yesterday to spend a couple of days. Mrs. E. Urquhart of Tonopah, Nev., who has been on a week's visit to her relatives, the M. Nissens, has returned to her home. She is a cousin of Mrs. Nisson.

Mr. and Mrs. C. D. McAllister of the Rutgers have come on an Eastern tour, in which they will visit friends and relatives in New York state, besides seeing the principal Atlantic Coast cities. They will be gone three months.

ECONOMY—THE INTELLIGENT USE OF TIME, STRENGTH, MONEY

Mrs W. L. Grubb Writes Valuable Paper
On Important Phase of Economics—
Urges Generosity in Smiles

Every woman, and indeed every man, should read the following paper on "Economy," written and read by Mrs. W. L. Grubb before a recent Household Economics meeting. It is more than an excellent paper; it is a wise and helpful paper, teaching an intelligent use of time and money and the blessed generosity of good will, cheerfulness and unselfishness. Mrs. Grubb writes as follows:

While my subject—Economy—was not limited when assigned me, I am not going to dwell upon its phase political, nor yet the civil nor religious aspect that it may assume. For, deeper in effect, and farther reaching in influence, I consider that branch of economics which we term "domestic."

The Greek derivative from which we take the word "economy" really means the "management of a household." So, we may see, the domestic phase is first, even in the ancient root of the word.

Economy means different methods and management to different people. The woman with a well-filled purse may not need to spare ex-

pense; but she may need to economize her strength and nerve-force. On the other hand, the woman with elastic step and abounding health may not be required to husband her strength; but she may need to make every penny in her possession purchase the very greatest amount obtainable for a given sum.

Now, the true economist will consider his circumstances, and adapt his expenditures to his means, rendering them as effectual as possible to the purpose he has in view. Through intelligent economy, a housewife will make a limited income turn to the best account for the uses of the family dependent upon her management. Through the same intelligent economy, a delicate woman may so utilize her little strength as to be able to accomplish many, if not all of the duties that seem to fall to her lot. Has she a weak back? She must learn to economize on lifting and standing; learn how to lift, if lift she must, so as to spare the weak muscles. Has she defective eyesight? She may well economize on the fine hand-

work and delicate embroideries, and rest the eyes upon green leaves and glowing blossoms. Is it an unfeeling nervous system that troubles? Economize on bridge-whist, clubs and too much giving of self in any direction. And thus we might go on through a list of infinite and unending variety, but such is not my purpose. I do, however, earnestly feel that in considering the question of economy—domestic economy especially—we are too prone to look upon the financial side; and this, however important, is not the phase that should be most dwelt upon.

I do believe in, and ardently maintain the necessity for, the careful regulation of expense with regard to income. This, of course, can be done only through an understanding between the husband and wife, as to the exact condition of their business affairs. Too many husbands do not discuss these matters freely with their wives. Too many wives, unfortunately, do not trouble to understand business matters when they are explained. Now, how can we expect to regulate our expense according to our means, when we have no knowledge of these means?

The first step, then, in true economy, is to ascertain the condition or extent of our resources, the inventory, as it were, of the stock in hand. If our purses are well-filled, and an income assured, it is no true economy to deny ourselves comforts and luxuries that we can afford. Forbearance in such a case is not economy, but parsimony. On the other hand, if circumstances demand a careful outlay of our funds, every desired article should be carefully considered, and only those absolutely within our income should be indulged in.

In attempting to be economical, if it is important to take stock of our financial resources, it is doubly important to make a careful inspection of our physical and mental state. If we find our nerves raw and quivering, it is good economy to rest and soothe them, and do as few as may be of the things that irritate and annoy them. We should practice rigid economy in their use, even though it may cost us something, financially, to do it. We would none the less expend the last cent of our incomes on trifling unnecessary baubles; yet how many of us are frittering away the last remnant of our precious strength, on trifles that add not one whit to our happiness, or to the comfort of those about us? Therefore, in taking your inventory, do not neglect to estimate your stock of strength.

Another point for the true economist to bear in mind is this: "Do not rob Peter to pay Paul." You would not hesitate to pay a five-cent carfare to save paying a dollar and a half for a taxi-cab; why, then, pay a ten dollar doctor bill to save a two dollar laundress expense? Why tolerate inconveniences that harass your nerves and waste your time, when the conveniences might be yours as well as not? Why stand to do your work that you could do quite as well sitting? Why try to do in one day all that you ought to attempt in two?

It is not economy to buy cheap wares, when a few cents more would purchase more lasting and pleasing ones; it is not economy to burn oil lamps, when you might have electric lights. It is not good economy to educate a daughter to a life of idleness and frivolity, when it may be her portion to become the wife of a poor man, and the mother of little children. It is not true economy to employ less than excellent teachers, at least than excellent salaries, to take a part in the forming of the characters of our boys and girls. It is not wise economy to levy insufficient taxes to meet the growing needs of our prosperous town. In civil, as well as in domestic affairs, our resources should be taken into account, and the best means of spending them decided upon, but how well we can live upon what we can reasonably afford to spend.

And now, I want to mention just a few of the things in the use of which we may be really lavish, without consideration of either our financial or physical condition. Do not economize in cheerful thoughts, or cheerful words; and when it is possible to bestow praise or commendation, do it generously. For in the great social scale of economy, we waste so many fragments of good will and sweetness that might bring peace and gladness to the lives of those about us, and at the same time nourish the best that lives within ourselves.

A smile costs no money, but it is better, oftentimes, than gold. A cheery greeting takes no more words than a chilly one; but what a warmth it sends through all who hear it. And so it is, that while we wonder upon the branches of economy—domestic, civil, religious and political—it is wise, and it is good, to not forget the social and beneficent phase; and in discarding the worthless fragments, ever be watchful to allow no precious crumbs of kindness, sweetness or unselfishness, to be cast into the garbage pail of indifference or neglect.

To the Land Buyer

We have Potato, Alfalfa and Citrus Fruit Lands with cheap water in a gravity system which we can sell you as low as \$225.00 per acre, that for location, quality of soil, water conditions and price has no equal in all California.

Why buy land in an undeveloped section when you can buy for the same price or less where you are surrounded by all conveniences such as transportation, towns, schools, churches, etc., right in the heart of high class development land that has been producing and you can see what the production is.

We have opened a 640 acre subdivision just two hours from Los Angeles, one mile from Riverside Electric line. The Ocean to Ocean Highway has been located along the line of our land. It is all level. Under ground cement pipes to each subdivision of 10 or 20 acres. You can go right on this land, turn on the water and plant a crop.

If you will let us show you this land you can see 640 acres of as fine potatoes now growing as you ever saw and we think you will be convinced that one year's crop will pay for the land. Then if you like, you can plant to oranges or lemons at your leisure, as it is surrounded by young groves and bearing orchards as fine as any in California.

This land at the price we are offering it will sell quick. You can save money by dealing direct with the owners. J. F. Balliet and A. M. Jones, 505 Fay Bldg., Los Angeles, Cal. Home Phone A1311, Sunset Main 1195.

Saving Increases One's self-respect

It encourages a sense of independence, always dear to the heart of right-thinking people.

It makes for personal development, too, along lines of responsible citizenship, and every thrifty man or woman with a bank account is just so much more valuable to the community than would be the case otherwise.

Most important, however, is the safeguard which a bank account affords the future.

COME OVER AND HELP US GROW

It is good settlers we want, and we are getting them, too

The San Jacinto Board of Trade People are making bids for settlers, feeling confident that they are offering the best and cheapest high-class ranch and fruit lands to be had in any section, barring none in the whole state. These lands have not been advanced since this Great Water Discovery. Therefore a moment should not be lost. The wise will make their selection before the price is trebled, or even quadrupled. Home back Home, was never like a Home in the Beautiful SAN JACINTO VALLEY, for either ranch or business purposes. No desert in this Valley, every foot under a high state of cultivation. Its products excel those raised in any other district.

The soil is easy to work, just like one big, mellow garden. Its climatic condition is perfect.

The New Water Discovery made recently places this Valley in the most envied and sought after location in the whole state.

A Committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all of our good neighbors to see this beautiful little valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. The San Jacinto Board of Trade, San Jacinto, Cal.

Hill's Corner

At this present writing it looks as though we were to have "a square deal all around" and this corner of the Kansas Tin Shop seconds the motion and having just received another carload of iron pipe (about forty thousand feet) and other cars of heavy goods on the road, together with the largest stock of general hardware and plumbing goods that is to be found in any exclusive retail store in Southern California and the men that know how to handle the goods, we are prepared to give a Square Deal in the matter of quality or price.

Bath Tubs and other plumbing goods are on the "toboggan" and prices have been further marked down within the past few days.

FULLERTON IS THE WINNER

North End High School Takes the County Baseball Championship

Santa Ana High School Was Defeated Yesterday by a 2 to 1 Score

Fullerton Union High School yesterday won the baseball championship of the high schools of Orange county by defeating the Santa Ana High School by a score of 2 to 1.

As the score indicates, the contest was close and interesting. There were times when it looked as though the Santa Ana team would tie the score, but the game ended with the visitors in the lead and thus winners, having previously taken a game in the series of three to decide the championship.

The Fullerton boys played excellent ball, batted well and fielded well. Santa Ana was a little weak on base running once or twice, and did not bat as well as it ought. Tiny Barker pitched for Santa Ana. Eugene King pitched six innings for Fullerton and Earl Hissrod three innings.

Would any price take those old derrierotypes of dear ones, taken long ago? Posterity will cherish yours, too. Think about it. There is a photographer here. See Hickox.

ALCOHOLISM HIS TROUBLE

Man Charged With Bogus-Check Passing Has Hearing as to His Sanity

"Same-Subject to periodical drunks."

This was the verdict of the commission that today examined E. W. McCollum as to his sanity.

E. W. McCollum's plea of insanity was heard in the Superior Court today by Judge West and Drs. Wehrly and Gordon. McCollum was arrested on a charge of passing a \$30 no-fund check on A. E. Hawley of Santa Ana. Attorney Harding started an investigation on the assertion that his client is insane.

The investigation this morning showed that McCollum had twice been before Judge Bordwell in Los Angeles on charges of alcoholic insanity, and was twice in the county hospital of Los Angeles for three months.

Records Homestead George P. Thompson has recorded a declaration of homestead on lot 33, W. C. Wells subdivision; value, \$2,000.

Informations Filed District Attorney West today filed two informations in the Superior Court against Kate Meador, charging her with selling liquor in violation of the Wylie act. Friday was set as the time for pleading.

Petitions Filed Herman Schindler has been appointed special administrator of the estate of his father, Charles Schindler, an Anaheim contractor, who died on May 20. The son will carry out three building contracts held by his father. The petition for letters shows the estate valued at \$3,000. F. C.

Suits Begun J. B. Wilkie has begun a quiet title suit against Mrs. Auguste Richter. Lot 35, block 2, Center tract, Anaheim, is the property concerned. Tipton & Gifford of Anaheim are plaintiff's attorneys.

With Weisel & Dutton of Anaheim, attorneys, M. C. Clay has begun suit for divorce against Alice Clay, and asks for the division of community property, lots 12 and 13, block 9, Golden State tract.

SLASH WITH KNIFE WAS PART OF ROW

John Manser Must Answer to Felony Charge—Preliminary Held Today

The preliminary examination of John Manser this morning resulted in holding him for trial in the Superior Court on \$1,000 bail. Santos Carrisoa, jr., was the principal witness. He said that, on February 24, he and Manser had a row at Anaheim, where both are well known among the Spanish people. Santos won out in the use of fists, and John returned with a knife and slashed Santos across the hand before the weapon was taken from John. John was brought back from San Diego County by Constable Heard.

ELECTION IS ON MAY 28TH

Sugar Company Reports Show Beet Crop to be in Excellent Condition

The annual meeting of the stockholders of the Southern California Sugar Company is to be held on May 28 at the factory on South Main street. Directors for the next twelve months are to be elected and reports of officers will be received.

The indications are that the sugar factory this year will have the best year of its history. It has 8000 acres in sugar beets, and the crop is looking fine. A large proportion of the factory's acreage can be irrigated, which means that the acreage will be made to produce its best.

The factory has a good acreage near Oceanside, and reports show that the crop there could not be better.

FIFTEEN BICYCLES IN THE LAST MONTH

Constable Frank W. Heard made good as a city policeman, and since his appointment four or five months ago as a constable he has more than made good as a constable. He is always on the job. In the last month he has recovered fifteen bicycles and returned them to their owners.

That is a pretty good month's record in itself, but with Heard it was a side issue with his other activities as an officer.

NEW TOWN VOTES \$5,500 FOR SCHOOL HOUSE AND GROUNDS EL SEGUNDO, May 22.—Bonds in the sum of \$5,500 were authorized by the voters Monday to buy grounds and erect a school building. A much larger amount is, in reality, required, and would have been included in the call, had the law permitted, but last year's valuation made before El Segundo was even started, is the basis of the amount allowed.
